PROFILE SUMMARY

A Computer Science undergraduate with hands-on experience in web and game development, and a solid foundation in Data Structures and Algorithms. Enthusiastic about building efficient software and solving real-world problems through personal projects and hackathons.

EDUCATION

B.Tech in Computer Science Engineering

Institute of Technical Education and Research (SOA) | CGPA: 8.42 | Expected 2026

Senior Secondary (12th)

SBD International School | CBSE | Percentage: 75% | 2022

Secondary (10th)

SBD International School | CBSE | Percentage: 90.2% | 2020

CORE COMPETENCIES

Languages: Java, C++, Python, C, HTML, CSS

Frameworks & Libraries: ReactJS, Bootstrap, SFML

Database: PL/SQL

Version Control: Git, GitHub

Computer Science Fundamentals: OOPS, DSA

PROJECTS

- Portfolio Website – Personal Web Presence (HTML, CSS, JavaScript) | June 2024
 - Designed and developed a responsive portfolio website with structured sections and interactive UI.
 - Integrated GitHub links, downloadable resume, and responsive design principles.
- Timberman-Style Game – 2D Arcade Game (C++, SFML) | April 2025
 - Built a 2D game using SFML with real-time rendering, audio, and HUD components.
 - Managed game states and inputs using event-driven architecture.

- Pong Game – Classic 2D Arcade Recreation (C++, SFML) | June 2025
 - Recreated the classic Pong game with ball physics, paddle control, and scoring logic.
 - Included animations, sound effects, and difficulty scaling.
- To-Do List Web App – Task Manager (HTML, CSS, JavaScript) | June 2025
 - Developed a dynamic to-do list application with DOM manipulation and user-friendly layout.
 - Employed Flexbox for responsive design.
- Student Management System – Console CRUD App (Java, File I/O) | May 2025
 - Built a console-based system to manage student records using Java OOP and file handling.
 - Supported full CRUD operations with persistent storage.

INTERNSHIP EXPERIENCE

- Web Development Intern – ZIDIO (Remote) | Oct 2024 – Dec 2024
 - Built responsive websites using HTML, CSS, JavaScript with a focus on UX.
 - Used Bootstrap and CSS Grid for layout and mobile responsiveness.
